THERE IS NO COMMITMENT TO POSITION OR FREQUENCY OF WORK. WE NEED WORKERS EVERY WEEK SO ANY WAY YOU CAN HELP IS GREATLY APPRECIATED!

*Note: Information on positions below marked with stars ~ worker must be listed with the Dept. of Charitable Gaming to work in these positions. Listing takes about a week & is not difficult to achieve. If you are interested please contact the PBB Bingo Mgr.

***CALLER:** To call the bingo numbers & confirm the winning bingo games! Callers train for a week or two with another veteran caller until they are comfortable. The Caller is probably the most important job but also the most rewarding. The players **LOVE** a good caller & it shows!

***CASHIER:** Take the money as players come in, distribute money to the table & floor games, make change to various workers throughout the night as needed. Make sure all money is turned in at the end of the night, checking & entering numbers from the various games, & validating the returns, as well as creating the deposits for the bank. Training is similar to that of caller.

TABLE WORKER (2 per night): There are several sets of table games that are sold throughout the night. Table workers are responsible for selling the games in their area as well as validating the numbers to the sale sheets at the end of the night to give to the cashier. Training for the games are explained at the beginning of the night & are very simple.

INSTANTS (3-4 per night): The same as table worker except these are usually done by the kids & requires going out on the floor to sell instant games. Floor workers are responsible for selling their sets of games (instant games) & validating their money. Whichever floor worker is in charge of a particular is responsible for validating the numbers for that game & turning everything into the cashier.

PAYMASTER: Probably the easiest job & one of the most rewarding jobs! The Paymaster simply pays out the winnings to the game winner(s) & records their name & address (which are usually on address labels). There is no special training required. The Paymaster also will work as a table worker at the beginning of the night until the games get going.

KITCHEN WORKER (2 per night): Kitchen workers are responsible for setting up the kitchen as well as cleaning the kitchen at the end of the night. Responsible for cooking sandwiches, making coffee, making nachos, etc. Also responsible for taking inventory of what is needed for the next week. Additionally, must validate the money at the end of the night & create a deposit slip for the bank to give to the cashier.

***MANAGER:** Responsible for being in charge of the game to answer questions or clear up game mishaps, etc. Managers must go through a check through the Virginia Gaming Commission. Managers often work other areas during the game.
